

RSV is very common and contagious. Although most babies with RSV only experience mild, cold-like symptoms

**Fever ≥ 38 °C
(≥ 100.4 °F)¹**

Congestion¹

Cough¹

During **CHD Awareness** Week, **Help us** to raise awareness for the risks of **RSV infection** for babies with CHD, to help caregivers around the world better identify and prevent RSV.

#world_CHD_awareness_week
